New Kitchen & Saturday Cafe

On the 1st April 2019 work is due to commence on the new kitchen at Youth Club, the plans can be seen from this week at youth club. All works should be complete by the time we return from the Easter holidays. This initiative includes a Saturday Café to be run by young people where possible, opening youth club to all of the community on Saturday mornings, offering a selection of cakes, coffees, bacon butties etc. in the warm, relaxed atmosphere.

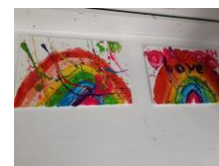

Opening times will be 830am-1pm, initially, with scope to extend. This has been funded by the National Lottery reaching communities fund along with the kitchen itself.

What have we been up to?

Sessions continue to be well attended with 40+ over the junior and senior sessions on Tuesdays and 50 children and young people Thursdays with Fridays steadily growing with new year 7's.

The last few months we have been busy, cooking, crafting, playing sports and utilising the play park on our doorstep, with an increase in staffing in order to cover supervision in all areas.

Detached

We aim to restart detached youth work in April, with staff walking around Yatton and Claverham building relationships with young people they meet during the fairer weather and lighter nights.

Coming Soon.....

- New grass area for sports
- Trip Planning
- Rota for the cafe
