

# Grow Your Own Food all year round

climate action together

Find out about:

- SOIL – local soil conditions, what works, what doesn't
- varied conditions across the village
- Importance of crop rotation
- planting in small gardens and pots
- affordable outlets for seeds and tools
- benefits of wildlife in the garden
- how to get started

**Tuesday 18<sup>th</sup> February 7.15pm**  
**St Mary's Church, Chapter House**  
**Church Road, Yatton BS49 4HH**

Make Yatton Greener connects the whole community so that we gain motivation, guidance and even joy as we work to tackle climate change together.
